By Rail

Plan Your Journey

There is an excellent train service from London to nearby station of Dormans. Call us and we'll pick you up.

Trains run direct from Victoria throughout the day, and direct from London Bridge at peak times.

There are also excellent links from North London via the London Overground (Change at Clapham Junction) and Thameslink (Change at East Croydon).

By Car

If you are travelling by car, there is plenty of free parking on-site. Please head towards the far end of the site and park opposite the studio.

The studio has very large double-doors on the ground floor for loading and unloading.
